

Date: October 18-24
Time: Daylight Hours
Location: Marty Bender Nature Area in Salina, KS

MARTY BENDER NATURE AREA BIOBLITZ

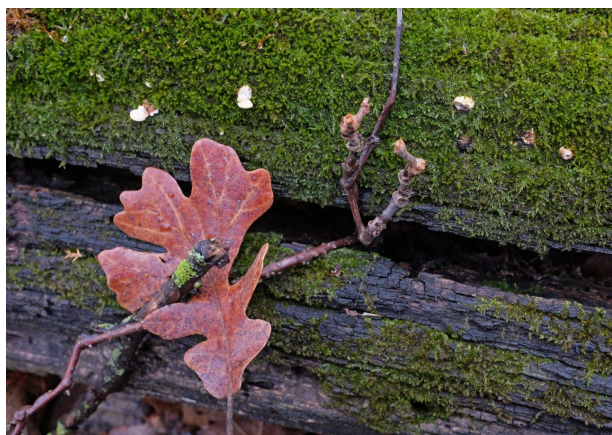

AN ECOSPHERE STUDIES EVENT

Come and participate in a socially-distanced event with **The Land Institute** at the **Marty Bender Nature Area!**

Participants will be collecting plant species data for plant inventory during the week of October 18-24 during our **Bio Blitz** event with iNaturalist.

To participate, all you have to do is download the **iNaturalist** app on your phone.

Then, during your walk on the nature area trail, take pictures of plants that look familiar to you. Make sure to record your observations under the project name "**Marty Bender Nature Area Bio Blitz**" during daylight hours.

Join us for a week of prairie plant identification!

Download the iNaturalist App to start!

For more information, including directions to the nature area and instructions about iNaturalist, visit landinstitute.org/events or contact us at **785-823-5376** or ecosphere@landinstitute.org
